## **II. Background**

USAID is the lead U.S. Government agency that works to end extreme global poverty and enable resilient, democratic societies to realize their potential. In the past few years, USAID has recruited and deployed additional staff, increasing its workforce dramatically and quickly. The Regional Development Mission for Asia (RDMA) in Bangkok serves as a knowledge management platform that works closely with Washington headquarters to provide thought leadership for USAID programs throughout the Asia region and manages the Asia Regional Training Center (ARTC). ARTC is a dedicated training facility to deliver skills-building and specialized technical training to USAID staff.

USAID has a very diverse, global workforce with many employees having less than five years of USAID experience, and nearly half as many eligible for retirement. USAID is dedicated to strengthening its workforce by mentoring and empowering staff, and placing emphasis on the transfer of experience and knowledge. The training outlined here is to better prepare tomorrow’s leaders.
